COUNCIL COMMUNICATION

AGENDA TITLE: Conduct Public Hearing to consider the Planning Commission's recommendation that the City Council approve a request by Laila Sorour for two actions: 1) Amend the General Plan from LDR, Low Density Residential to O, Office for 1116 South Fairmont; and 2) Rezone 1110 South Fairmont from RCP, Residential Commercial Professional, to Residential Garden Apartment to permit the construction of two duplexes

MEETING DATE: May 15, 2002

PREPARED BY: Associate Planner Veerkamp

RECOMMENDED ACTION: That the City Council conduct a Public Hearing to consider the Planning Commission's recommendation that the City Council approve the request of Laila Sorour for two actions: 1) Amend the General Plan from LDR, Low Density Residential to O, Office for 1116 South Fairmont; and 2) Rezone 1110 South Fairmont from RCP, Residential Commercial Professional, to Residential Garden Apartment to permit the construction of two duplexes.

BACKGROUND INFORMATION: On April 10, 2002, the Lodi Planning Commission unanimously approved the aforementioned request of Laila Sorour for a General Plan Amendment and Rezoning. The request for a land use amendment was accompanied by a Lot Line Adjustment application. As stated by the applicant, she wants to construct two duplexes on the parcels located at 1110 and 1116 South Fairmont, a project with a net density of 11.6 units per acre.

Currently, each of the parcels can accommodate one single family dwelling, or multi-family dwellings to the limits of the RCP zone, or an office use. The maximum allowed density for residential uses in the RCP zone is 10.89 units per acre. On the other hand, the allowed density in the RGA zone, a medium density residential zone, is 20.78 units per acre. No office uses area allowed in the RGA zone.

As a point of fact, the current General Plan and Zoning designations on 1116 S. Fairmont lack consistency with each other. The General Plan designation needs to be changed so the two are not conflicting. The Zoning on 1110 South Fairmont is being changed as well so both pieces have consistent designations. Approval of this request will enable Ms. Sorour to build two duplexes on this property (subsequent to approval of the Lot Line Adjustment).

MEMORANDUM, City of Lodi, Community Development Department

To: Planning Commission
From: Community Development Department
Date: April 10, 2002
Subject: Request of Laila Sorour for approval of a 1) General Plan Amendment from LDR, Low Density Residential to O, Office for 1116 South Fairmont; and a 2) Rezoning for 1110 South Fairmont from RCP, Residential Commercial; Professional to Residential Garden Apartment to permit the construction of two duplexes on one single parcel.

SUMMARY

The proposed project is a General Plan Amendment and Rezoning for two properties. The first property is located at 1110 South Fairmont Avenue, which has a Zoning designation of RCP, Residential Commercial Professional. The request is to change the Zoning to RGA, Residential Garden Apartment. The second property is located at 1116 South Fairmont Avenue. Currently, the parcel has a General Plan Designation of LDR, Low Density Residential. The request is to change the designation to O, Office. The end result of the action, if approved, is that both parcels will have a General Plan designation of O, Office, and a Zoning designation of RGA, Residential Garden Apartment.

As a point of information, an additional component of this project is a requested Lot Line Adjustment to join the two individual parcels into one single parcel. The Community Development Director performs Lot Line Adjustments administratively. If approved, the adjustment will create one piece of property large enough to accommodate the proposed development. If the duplexes are built, the net density of the project will be 11.4 units per acre.

BACKGROUND

The properties in question were annexed to the City of Lodi in 1953 as a part of the 50th Addition. They were later incorporated into the West View subdivision. Neither of these two vacant parcels has ever been developed. Most recently, a Parcel Map was filed creating two (2) parcels from three (3) parcels. The property at 1110 was included in this activity, but the piece of property at 1116 has never had any map filed on it since the original approval in the 50's.

ANALYSIS

Both 1110 and 1116 South Fairmont Avenue have been vacant since they were annexed into the City. As stated above, it has been approximately 50 years since this land became part of the incorporated city. From a planning perspective, staff is reluctant to dissuade a project, particularly an infill project such as this one, when it seems to make sense. Although there are several offices nearby, most notably the dental office directly adjacent on the north, the location also has potential for medium density residential uses. In all likelihood, some individuals may feel the location is better suited for medical or other types of offices, but the fact is the applicant has a desire to develop two duplexes.

As a point of fact, the current General Plan and Zoning for 1116 S. Fairmont lacked consistency with each other. The General Plan designation on one piece needed to be changed, and the Zoning on the

other piece needed to be changed. In this way, both General Plan and Zoning will be consistent. This action is necessary not only to rectify the current discrepancy, but also in order to prepare the parcels for development in accordance with the applicant's request.

Currently, each of the parcels could accommodate one single family dwelling, or multi-family dwellings to the limits of the RCP zone, or an office use. The maximum allowed density for residential uses in the RCP zone is 10.89 units per acre. In other words, in order to build four (4) units of multiple family housing (two duplexes on one parcel is technically multiple family) in the RCP zone, you would need to have 16,000 square feet of land on a single parcel. The two properties in question total 15,065 square feet, or 935 square feet short of the aforementioned requirement.

On the other hand, the allowed density in the RGA zone, a medium density residential zone, is 20.78 units per acre. This zone allows single and multi-family residential, absent the ability to build offices. The 15,065 square feet is adequate area to build four (4) units in the RGA zone. The maximum number of units permitted on 15,065 square feet is up to seven (7) units, subject to landscaping setbacks, parking, etc. As mentioned above, the net density of the proposed project is 11.6 units per acre.

Staff's opinion is that the proposed duplexes will be compatible with the surrounding land uses. Development of duplexes at this location will not change the character of the neighborhood one way or the other; rather the two should be compatible with each other due to the mixed character. While there are offices on the north and across the street to the west, there are single-family homes to the east and to the south (the corner of Fairmont and Cardinal). To the south beyond Cardinal are triplexes along both frontages of Fairmont, which is consistent with the existing RGA zoning in that location, including the corner with the single-family home.

Because this project is a multi-family project, the applicant will need to submit for Site Plan and Architectural Review Committee (SPARC) approval if the General Plan and Zoning actions are approved. Architectural design issues as well as landscaping, parking layout, screening between adjacent land uses, etc. will be scrutinized to ensure the best possible appearance, and to minimize impacts. Staff is comfortable that the proposed project will be a beneficial infill activity.

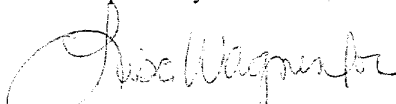

RECOMMENDATION

Staff recommends that the Planning Commission recommend approval to the City Council the request of Laila Sorour for approval of a 1) General Plan Amendment from LDR, Low Density Residential to O, Office for 1116 South Fairmont; and a 2) Rezoning for 1110 South Fairmont from RCP, Residential Commercial; Professional to Residential Garden Apartment to permit the construction of two duplexes on one single parcel.

ALTERNATIVE PLANNING COMMISSION ACTIONS

- Approve the Requests with Alternate Conditions
- Deny the Requests
- Continue the Requests

Staff Report**

MEETING DATE: April 10, 2002

APPLICATION NO: Z-02-02; GPA-02-02

REQUEST: Approval of 1) General Plan Amendment from LDR, Low Density Residential to O, Office for 1116 South Fairmont; and a 2) Rezoning for 1110 South Fairmont from RCP, Residential Commercial; Professional to Residential Garden Apartment to permit the construction of two duplexes on one single parcel.

LOCATION: 1110 and 1116 South Fairmont Avenue

APPLICANT: Laila Sorour
1343 Rivergate Drive
Lodi, CA 95240

PROPERTY OWNER: Nagui and Laila Sorour
same

Site Characteristics:

General Plan Designation: 1110 Fairmont is O, Office; 1116 is LDR, Low Density Residential

Zoning Designation: 1110 Fairmont is R-CP, Residential Commercial Professional and 1116 Fairmont is R-GA, Residential Garden Apartment

Property Size: 1110 Fairmont is 9,235 square feet, and 1116 Fairmont is 5,830 square feet

Adjacent Zoning and Land Use:

North: RCP; Residential Commercial-Professional: Directly adjacent on the north is a dental office zoned RCP. Further north are developed medical and dental offices.

South: R-GA, Residential Garden Apartment: Directly adjacent on the south on the corner of Cardinal St. and Mills is a single-family residence. Further south across Cardinal St. are additional single-family and multiple family residences.

East: R-1 and R-2, Single-Family: Directly adjacent on the east side are residences.

West: RCP, Residential Commercial Professional: To the west of the subject site is a medical office building. There are also some residences further west along Cardinal St.

Neighborhood Characteristics:

The neighborhood is in the south central part of Lodi and is fully urbanized, with the exception of these and a couple of other infill lots. Lodi Memorial Hospital's main operation is nearby on the south-west corner of Fairmont Avenue and Vine Street. The hospital and nearby offices give the neighborhood a professional office type of appearance as well as residential. In addition to medical and dental offices, both single-family and multi-family homes are nearby to the east as well as to the south. There is quite a bit of traffic in the neighborhood as Ham Lane is an arterial street, and Fairmont is a neighborhood collector street.

ENVIRONMENTAL ASSESSMENTS:

Negative Declaration, ND-02-01 was prepared for this project. Mitigations identified in the Negative Declaration reduce any potential adverse impacts to less than significant.

PUBLIC HEARING NOTICE:

Legal Notice for the Use Permit was published on March 30, 2002. A total of 46 notices were sent to all property owners of record within a 300-foot-radius of the subject property.

RECOMMENDATION:

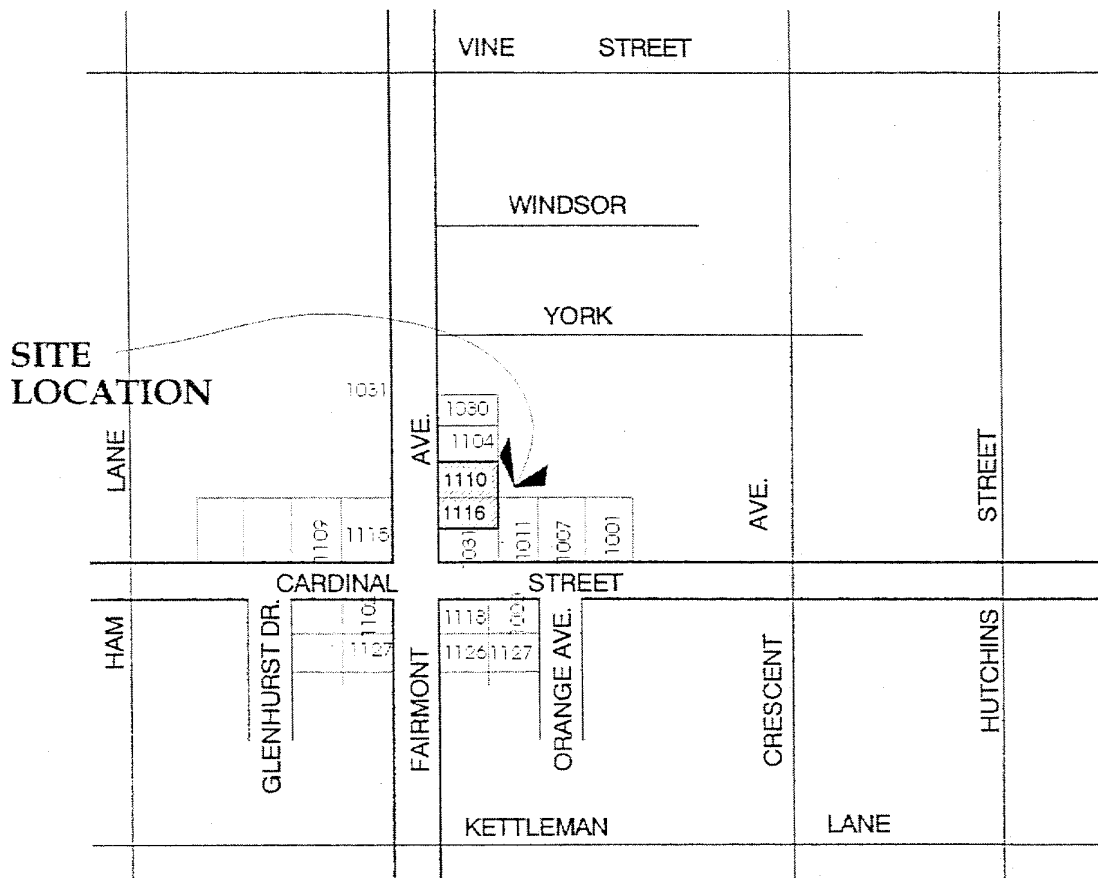

Staff recommends that the Planning Commission recommend approval to the City Council for a 1) General Plan Amendment from LDR, Low Density Residential to O, Office for 1116 South Fairmont; and a 2) Rezoning for 1110 South Fairmont from RCP, Residential Commercial; Professional to Residential Garden Apartment to permit the construction of two duplexes on one single parcel., subject to the conditions as set forth in the attached Resolutions.

General Plan Amendment and Rezoning

PROJECT DESCRIPTION

The project under consideration by the City consists of the following actions; a Rezoning of the parcel at 1110 South Fairmont Avenue from R-CP, Residential-Commercial Professional to R-GA, Residential-Garden Apartments, a General Plan Amendment for the parcel at 1116 South Fairmont from LDR, Low Density Residential to O, Office, as well as a Lot Merger to create one buildable lot.

If and when these activities are approved by the City of Lodi, the applicant, Laila Sorour is proposing to construct four units (attached single family) of new residential housing on the resulting 15,065 square foot piece of land. The properties are located at 1110 and 1116 South Fairmont Avenue, Lodi. The precise size of the individual units has not been determined at this point, but the available square footage of land limits this project to four units.

Prior to any building activity, the owner is being required by the City to perform the lot merger and the Zoning and General Plan actions.

9 Surrounding land uses and setting: The subject property, currently two individual parcels, are vacant and sit near the north east corner of Fairmont Avenue and Cardinal Street. The parcel is bordered on the west side by the existing Lodi Memorial Hospital East Campus, primarily the parking lot serving medical office buildings. Directly adjacent on the east side are developed single family parcels zoned both R-1 and R-2, Single Family (the adjacent zoning for each parcel differs). Adjacent on the north side of the property are office buildings lining Fairmont Avenue. Immediately adjacent on the south is a developed single family residence on the corner of Fairmont Avenue and Cardinal Street. Remaining properties to the south across Cardinal Street are additional single family residences. The parcel on the north west corner of Fairmont and Cardinal is zoned R-CP and has a hospital office building on it. Parcels to the west of the office building are single family residences.

XVI. MANDATORY FINDINGS OF SIGNIFICANCE

	Potentially Significant Impact	Potentially Significant Unless mitigation Incorporated	Less than Significant Impact	No Impact
a) Does the project have the potential to degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal or eliminate important examples of the major periods of California history or pre-history?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b) Does the project have the potential to achieve short-term, to the disadvantage of long-term, environmental goals?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
c) Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects)	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
d) Does the project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

XVII. EARLIER ANALYSES.

Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, one or more effects have been adequately analyzed in earlier EIR or negative declaration. Section 15063(c)(3)(D).

Earlier analyses used. None.

- a) Mitigation measures. See Attached Summary for discussion.

SUMMARY OF POTENTIAL IMPACTS

An explanation of potentially significant impacts follows. Measures included in this summary shall be treated as mitigation where indicated.

LAND USE AND PLANNING

I. a) and c)

The proposed residential project is not compatible with the current zoning and general plan designations at 1110 and 1116 South Fairmont Avenue. For that matter, the current zoning and general plan designation are not consistent with each other on the parcel at 1116 South Fairmont. In order to establish land use designations appropriate for the proposed project, the Lodi Planning Commission and City Council will hear the applicants' request for a Rezoning of the parcel at 1110 South Fairmont Avenue from R-CP, Residential-Commercial Professional to R-GA, Residential-Garden Apartments, and a General Plan Amendment for the parcel at 1116 South Fairmont from LDR, Low Density Residential to O, Office. If the General Plan and Zoning requests are approved

by the City Council, any potential adverse impacts associated with conflicts with the general plan or zoning will be reduced to less than significant.

DETERMINATION:

On the basis of this initial evaluation:

- ☐ I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE declaration will be prepared.
- ☒ I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because the mitigation measures described on an attached sheet have been added to the project. A NEGATIVE DECLARATION will be prepared.
- ☐ I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.
- ☐ I find that the proposed project MAY have a significant effect(s) on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets' if the effect is a "potentially significant impact" or "potentially significant unless mitigated."
- ☐ I find that although the proposed project could have a significant effect on the environment, there WILL NOT be a significant effect in this case because all potentially significant effects (a) have been analyzed adequately in an earlier EIR pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier EIR, including revisions or mitigation measures that are imposed upon the proposed project

PUBLIC HEARINGS

The continued request of Laila Sorour for approval of a 1) General Plan Amendment from LDR, Low Density Residential to O, Office for 1116 South Fairmont; and a 2) Rezoning for 1110 South Fairmont from RCP, Residential Commercial; Professional to Residential Garden Apartment to permit the construction of two duplexes on one single parcel. Eric Veerkamp presented the matter to the commission. Mr. Veerkamp noted that there was also a lot line adjustment application pending to join the two individual parcels into one single parcel which would make the piece of property large enough to accommodate the proposed development. Both 1110 and 1116 South Fairmont Avenue have been vacant since they were annexed into the City in approximately 1950. The General Plan and Zoning for 1116 S. Fairmont lacked consistency with each other. The General Plan designation needed to be changed to make them consistent along with the zoning change for 1110 S. Fairmont.

The location has potential for medium-density residential uses, but the applicant was desirous of developing two duplexes. Currently each of the parcels could accommodate one single family dwelling, or multi-family dwelling to the limits of the RCP zone, or an office use. The two subject properties combined total 15,065 square feet. In order to build two duplexes on one parcel in the RCP zone, 16,000 square feet of land would be needed on one single parcel; therefore, the two parcels combined would be 935 square feet short. To build the duplexes, the RGA zone was considered since 15,065 square feet is adequate area to build four (4) units. It was staff's opinion that the proposed residences will be compatible with the surrounding land uses and would not change the character of the neighborhood.

Chairman Crabtree asked if under the present zoning could 3 homes be built upon the parcels. Mr. Veerkamp responded "yes" and Mr. Bartlam noted that even to do the three units, at some point staff needs to get their General Plan and Zoning Ordinance into consistency and the subject parcels were not in consistency with each other regardless of the intended land use.

Hearing Opened to the Public

Diane Mercurio, 1019 S. Orange Avenue. Ms. Mercurio was concerned about noise and traffic generated from the duplexes. She preferred having office buildings built on the parcel rather than duplexes.

Jim Jacobsen, Bennett Development. Mr. Jacobsen represented the applicant. He shared that the proposed duplex buildings had already been built within the city and are upper scale duplexes. He felt the project was good for the parcel and the proposed buildings will be aesthetic pleasing with tile roofs, stucco exteriors, landscaping, and provide adequate parking. A typical 6-foot wooden fence will be located along the east property line.

Janet Wilcox, 1007 S. Orange Avenue. Ms. Wilcox was concerned about multi-density units being built on the property. She agreed that the proposed units were aesthetically pleasing and further noted a concern that 8 trash containers would be left on the sidewalk on refuse pick up day from the people occupying the duplexes.

Hearing Closed to the Public

Commissioner Beckman felt the project would fit aesthetically with neighborhood and was in favor of the project.

Commissioner Mattheis noted that even though the neighborhood has professional offices nearby, he felt the project would blend with the neighborhood. He further noted traffic and noise concerns would not be an issue and he did not agree with the letter received from Dr. Neal in opposition of the project.

The Planning Commission on motion of Commissioner Mattheis, Beckman second, approved the request of Laila Sorour for approval of a 1) General Plan Amendment from LDR, Low Density Residential to O, Office for 1116 South Fairmont; and a 2) Rezoning for 1110 South Fairmont from RCP, Residential Commercial; Professional to Residential Garden Apartment to permit the construction of two duplexes on one single parcel by the following vote:

The request of Concord Development for approval of a Vesting Tentative Subdivision Map for Almond Wood Estates, a 14.5-acre, 74-lot, Single Family Residential Subdivision at 1640 South Stockton Street. Associate Planner Meissner presented the item to the commission. The area of the subdivision map included three separate properties encompassing about 14.5 acres of land zoned R-2. The subdivision will develop at 5.2 dwelling units per acre with an average lot size of 6,000 square feet. Access to the subdivision will be from South Stockton Street and Almond Drive with a connection to the east on Elgin Avenue and a future connection to Ravenwood Way. A 7-foot-high masonry wall will be required along South Stockton and Almond Drive and an 8-foot-tall masonry wall will be required along the northern portion of the property. A condition requiring an emergency vehicle turn-around within the subdivision was reevaluated by the Fire Department and found not to be necessary. Staff was recommending approval of the project.

Hearing Opened to the Public

Troy Reich, David Evans & Associates, 2880 Tracy Blvd., Tracy. Mr. Reich represented Concord Development. They have worked closely with both Planning and Public Works staff and have found the conditions being required to be acceptable. They were very excited about moving forward with project.

Commissioner Beckman asked Mr. Reich's if his firm had done any past work in the Lodi area. Mr. Reich replied that their Roseville office had, and that he had worked previously with the City Engineer when they were both employees of another firm.

Jerry Wisenor, 808 E. Tehama Drive, Lodi. Mr. Wisenor asked what the average lot size would be for the subject project. Mr. Meissner responded approximately 6,000 square feet.

The Planning Commission on motion of Commissioner McGladdery, Mattheis second, approved the request of Concord Development for approval of a Vesting Tentative Subdivision Map for Almond Wood Estates, a 14.5-acre, 74-lot, Single Family Residential Subdivision at 1640 South Stockton Street by the following vote:

The request of Baumbach and Piazza, Inc. for approval of the Luckey/Lackyard Property Growth Management Development Plan for 77 single-family residences at 1041 & 1171 East Harney Lane, and a recommendation of approval to the City Council to award 77 building permit allocations. Associate Planner Meissner presented the item to the commission. The area of the Development Plan is located in the southwest portion of Lodi and included two separate properties that encompass approximately 15.8 acres of land zoned R-2. Each year the City allocates building permits to keep in check with their 2% growth cap. Currently there are 938 allocations for the year 2001. The northern 13.6 acres of the project has been dedicated for a school. The project will develop at 4.9 units per acre with an average lot size of 6,300 square feet. The subdivision will contain typical subdivision standards with the parkway street design. Developments to the east of the project are preparing for development in the near future and staff found the proposed project to be appropriate and timely and it will be a welcomed contributor to the necessary infrastructure in the area. Staff was in favor of the project.

Commissioner Mattheis asked if Tehama Drive, located just west of the project, would connect to the subdivision. Mr. Bartlam responded that Tehama Drive did stub at the property line of the project and it will be connected to the project for better traffic circulation.

Commissioner Phillips asked why Sunnyside Estates was not being included in the annexation. Mr. Bartlam responded that the City would annex properties into the City only if the property owners decide to be annexed.

Commissioner Beckman asked where the City was on issuing high-density allocations. Mr. Bartlam replied that there had been no high-density allocations requested or made since the inception of the Growth Management Program. He noted that in the future he would be making a presentation regarding the matter to the Commission.

Hearing Opened to the Public

Jerry Wisenor, 808 E. Tehama Drive, Lodi. Mr. Wisenor has lived on Tehama Drive for the past 30 years. Mr. Wisenor's main concern was that duplexes not be allowed within the subdivision. Mr. Luckey, the developer, has reassured him that there will only be single family dwellings built upon the lots. Mr. Wisenor shared that he will be traveling east to gain access to Harney Lane rather than trying to fight traffic on Lower Sacramento Road.

Robert Hathaway, 890 Tehama Drive, Lodi. Mr. Hathaway would like to tie into the City's sewer system that will be installed with the new project.

Terry Piazza, 323 W. Elm Street, Lodi. Mr. Piazza is the Engineer for the project. He noted that the plan being presented was revised as requested by the City Council.

Commissioner Phillips asked what type of homes would be built within the subdivision. Mr. Piazza responded that as far as he knew, it would be single family dwellings and no duplexes.

Maime Starr, Assistant Superintendent of Facilities for LUSD. Ms. Starr stated that they are anxious for the project to move forward so the school could be built.

Gail Lund, Tehama Drive, Lodi. Ms. Lund shared that Sunnyside Estates is an upscale County area consisting of 20 homes with each lot being 1/3 acre in size. She did not want Tehama Drive connected to the new subdivision. She was concerned that housing values would be decreased with the increased traffic.

Alice Zimmerman, 931 E. Harney Lane, Lodi. Ms. Zimmerman's property is located directly next to the project and she had questions regarding fencing and the future widening of Harney Lane. Mr. Bartlam responded there would be a typical 6 to 7-foot fence between the properties. Mr. Bartlam suggested that she speak with the developer to gain more information. He shared that Harney Lane will be widened on the north side. He invited her to come to City Hall and speak with himself and the City Engineer regarding the street plan for Harney Lane.

Hearing Closed to the Public

The Planning Commission on motion of Commissioner McGladdery, Mattheis second, approved the request of Baumbach and Piazza, Inc. for approval of the Luckey/Lackyard Property Growth Management Development Plan for 77 single-family residences at 1041 & 1171 East Harney Lane, and a recommendation of approval to the City Council to award 77 building permit allocations by the following vote:

DRAFT

ORDINANCE NO. ____

AN ORDINANCE OF THE LODI CITY COUNCIL AMENDING
THE OFFICIAL DISTRICT MAP OF THE CITY OF LODI AND
THEREBY REZONING 1110 SOUTH FAIRMONT AVENUE
(APN 031-120-28) FROM RCP, RESIDENTIAL COMMERCIAL
PROFESSIONAL TO RESIDENTIAL GARDEN APARTMENT

=====

BE IT ORDAINED BY THE LODI CITY COUNCIL AS FOLLOWS:

Section 1. The Official District Map of the City of Lodi adopted by Title 17 of the Lodi Municipal Code is hereby amended as follows:

Parcel located at 1110 South Fairmont (APN 031-120-53) is hereby rezoned from RCP, Residential Commercial Professional, to Residential Garden Apartment to permit construction of two duplexes, as shown on Exhibit "A" attached, which is on file in the office of the City Clerk.

Section 2. The Planning Commission adopted Resolution No. P.C. 02-08 recommending approval of this request for a rezone at their meeting of April 10, 2002.

Section 3 - No Mandatory Duty of Care. This ordinance is not intended to and shall not be construed or given effect in a manner which imposes upon the City, or any officer or employee thereof, a mandatory duty of care towards persons or property within the City or outside of the City so as to provide a basis of civil liability for damages, except as otherwise imposed by law.

Section 4 - Severability. If any provision of this ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ordinance which can be given effect without the invalid provision or application. To this end, the provisions of this ordinance are severable. The City Council hereby declares that it would have adopted this ordinance irrespective of the invalidity of any particular portion thereof.

Section 5. The alterations, changes, and amendments of said Official District Map of the City of Lodi herein set forth have been approved by the City Planning Commission and by the City Council of this City after public hearings held in conformance with provisions of Title 17 of the Lodi Municipal Code and the laws of the State of California applicable thereto.

Section 6. All ordinances and parts of ordinances in conflict herewith are repealed insofar as such conflict may exist.

Section 7. This ordinance shall be published one time in the "Lodi News Sentinel", a daily newspaper of general circulation printed and published in the City of Lodi and shall be in force and take effect thirty days from and after its passage and approval.

Approved this ____ day of _____, 2002
